WHAT'S MY LEVEL?

You can check what level you are at any membership kiosk in the club, or when you insert your membership card in a gaming machine.

A letter will be displayed after your name. The letter is the first letter of the level you are in e.g. R for Red, S for Silver and so on. The Diamond level will show the letter D.

You can redeem your rewards points as often as you like, and it will not affect your membership level. The level is based on points accrued over a 6 month period and not on your points balance at any one time.

Level	Min Points	Max Points
Red (R)	0	999
Silver (S)	1,000	3,249
Gold (G)	3,250	14,999
Black (B)	15,000	29,999
Diamond (D)	30,000	30,000+

ONE PROGRAM.
ENDLESS REWARDS.

My Choice Rewards is a tiered Member Rewards Program that is exclusive to the norths Group. You can start earning rewards points as soon as you become a club member and you can continue to earn reward points when you correctly use your membership card for gaming, bar, dining, bottle shop and merchandise transactions. You can also earn points through a variety of promotions.

It's our way of saying "Thank you" for your loyalty to NORTHS.

THE GREATER THE POINTS THE GREATER THE REWARDS

There are five different levels or tiers in the My Choice Rewards Program. The level you are on is based on the points you have earned. The more points you earn the higher the tier and the more rewards you receive. The five levels are Red, Silver, Gold, Black and Black Diamond. so if you are away for an extended period of time, like an overseas holiday, you won't necessarily lose your tier ranking. You are automatically linked to the My Choice Rewards Program (Red Level) when you become a member, however you have the choice to opt out of the program if you do not wish to participate.

Levels will be reviewed each month and you can move up to a higher level at this time. However, you can only be moved down once every 6 months, Reward points will expire each year on December 31.
